## Commissioner for Patents

The reply filed on August 12, 2004 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): the amendment to the specification was not done in compliance with 37 CFR 1.21(b)(ii) reproduced below:

- (ii) The full text of any replacement paragraph with markings to show all the changes relative to the previous version of the paragraph. The text of any added subject matter must be shown by underlining the added text. The text of any deleted matter must be shown by strike-through except that double brackets placed before and after the deleted characters may be used to show deletion of five or fewer consecutive characters. The text of any deleted subject matter must be shown by being placed within double brackets if strikethrough cannot be easily perceived

Because of the use of double, triple, and quadruple brackets within the amendment as presented it is impossible to ascertain exactly what is being added and deleted from the specification. The applicant is requested to resubmit the amendment using the guidelines set forth above.

See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
